COMMUNITY DEVELOPMENT ..... 13

OTHER HOUSING ACTIVITIES AND COMMITMENT CHART..... 14-21

We are pleased to provide this Annual Report, summarizing the State's efforts to provide housing and community development resources that touched the lives of over 217,000 citizens of Arizona during the year ending June 30, 2017. This report provides a broad overview outlining the different activities of the Arizona Department of Housing, as well as detailed statistics on how state and federal resources were used throughout the state to improve the lives of Arizonans.

In addition to reporting on the resources of the Department, this report also provides information on the Save Our Home AZ Program, which provides foreclosure relief efforts delivered by the Department in partnership with the Arizona Home Foreclosure Prevention Funding Corporation, a nonprofit arm of the Department. The report also outlines the work of the Arizona Industrial Development Authority's Single Family Mortgage Program, which was administered by the Department during the fiscal year. Through the resources of these three entities, the Department invested over \$1.5 billion in Arizona's communities during FY2017. For the first year, we are also reporting on the regulatory functions associated with monitoring and auditing the manufactured housing and modular building industries, as the regulation of those industries was transferred to the Department in FY2017.

While the report gives information on what we did, we want to make sure that we also make clear why we do what we do. The mission of the State's Department of Housing is to provide housing and community resources in order to make Arizona the best place to live, work, and play, as safe housing and communities provide the necessary foundation for health and prosperity. Except in a few instances, most of the assistance provided through the Department is delivered through a network of partners, including local government and public housing authorities, non-profit housing and social service providers, affordable housing developers, and others. Utilizing a local delivery system that exists independently of the Department helps us to use these public resources in the most efficient and effective ways possible.

We would be remiss if we did not include in this report, a special recognition for the contribution of Director Michael Trailor who left the agency near the close of the fiscal year in May 2017. When Governor Doug Ducey promoted the Director to head the Arizona Department of Economic Security we were disappointed to lose a great leader, but knew it was a testament to Director Trailor's outstanding leadership at the Arizona Department of Housing for the past eight years. We were able to close out the year knowing we had made good progress in meeting our mission.

**Carol Ditmore**

Director

*Over the course of the year, the agency touched the lives of over 217,000 people, most of which are low income, providing some type of housing or community development assistance.*

The Arizona Department of Housing provides programs and critical resources to the most vulnerable populations of the state while serving as the driver for economic development and leveraging private capital. Whether it is through our work to provide safe and affordable housing, assistance to help aid our homeless and special needs populations, or our ongoing efforts to prevent Arizonans from losing their homes to foreclosure, we are committed to finding responsible and reasonable solutions to address the housing needs of our state.

As a state agency, it is our ongoing responsibility to help keep Arizona state government open, transparent, and accountable. In keeping with these goals, our annual report provides a comprehensive look at how exactly our available resources are put to good use.

During FY2017, the Arizona Department of Housing (ADOH), the Arizona Industrial Development Authority (AzIDA), and the Arizona Home Foreclosure Prevention Funding Corporation (AHFPFC) made combined commitments of over \$1.4 billion in state and federal assistance to support housing and community development activities throughout Arizona. Over the course of the year, the agency touched the lives of over 217,000 people, most of which are low income, providing some type of housing or community development assistance. Through the federally funded Save Our Home AZ Program and the National Mortgage Foreclosure Counseling Program, over 1,000 families received housing counseling and foreclosure prevention assistance.

*During FY 2017*

Arizona Department of Housing (ADOH)  
Arizona Industrial Development Authority (AzIDA)

Arizona Home Foreclosure Prevention Funding Corporation (AHFPFC)

Made Commitments of

**\$1.4** Billion in state and federal assistance

**217,000**  
ARIZONANS PROVIDED ASSISTANCE

**1,000**

families received foreclosure prevention assistance

*The availability of affordable housing remains a necessity for economic development in the state.*

During FY2017, the agency made commitments to invest nearly \$200 million in financing to support 1,637 affordable rental units. Financing was obtained by housing developers to support various affordable housing projects across Arizona. Generally, these projects are required to guarantee 20-30 years of affordability in exchange for public financing at favorable terms.

*\$160 million, or more than 80 percent of the financing, will go toward the construction of 833 units. These units will remain affordable to low-income households for the next 30 years.*

*Nearly \$35 million, or approximately 20 percent of the financing, will go toward the preservation of 804 units through the acquisition and the rehabilitation of existing structures. This financing has been critical in eradicating and transforming blighted neighborhoods and extending the life of affordable rental units. The majority of the Department's preservation efforts were funded through use of the 4% Low-Income Housing Tax Credits, in connection with private activity bonds.*

Rental units funded through a number of funding sources, including the Arizona Housing Trust Fund, the Federal HOME Investment Partnership Program (HOME) and the federal Low-Income Housing Tax Credit (LIHTC) program.

***A full breakdown of the funding invested is located in the tables at the end of this report.***

*\$194,826,200*

IN FINANCING TO SUPPORT

**1,637** AFFORDABLE  
RENTAL UNITS

*\$34,785,759*

USED TO ASSIST

THE ACQUISITION & REHABILITATION  
**OF 804 UNITS**

*\$160,040,441*

USED TOWARDS

**833** UNITS OF NEW  
CONSTRUCTION

*In FY2017, the agency administered over \$62 million in rental subsidy payments, assisting 9,148 extremely low-income Arizonans with their monthly rent.*

Among those assisted were very low-income seniors, formerly homeless individuals, seriously mentally ill, households living with HIV/AIDS, and other special needs groups. Ninety-nine percent of the rent subsidy dollars administered consisted of federal dollars.

Generally, when households receive public monies to assist them with their rent, there is an expectation that they contribute 30 percent of their income. The subsidy then covers the difference, so that the rent paid by the tenant does not amount to more than, what is considered affordable.

**\$62,000,000**  
IN RENTAL SUBSIDY PAYMENTS

**FY 2017**  
9,148 EXTREMELY

LOW-INCOME ARIZONANS WERE ASSISTED WITH THEIR MONTHLY RENT

## HOMEOWNERSHIP ASSISTANCE

In **FY2017**, **9,310** individuals became homeowners by utilizing Arizona's Single Family Loan and Down Payment/Closing Cost Assistance programs.

*Over \$12.8 million*

IN FEDERAL FUNDING  
FOR REHABILITATION  
ASSISTANCE

## HOUSING REHABILITATION AND REPAIR PROGRAMS

Over **\$12.8 million** in federal funding was spent on housing rehabilitation and weatherization programs this year. These limited funds were critical in providing assistance and helping to extend the life of affordable homes as well as ensure safe, decent living environments for some of Arizona's poorest homeowners. Most assisted homeowners are low income, elderly, and living on fixed incomes, which makes this funding for basic repairs essential. The agency was able to provide assistance to **1,043** homes, providing valuable resources for individuals needing repairs to their properties.

*Community Development Block Grant funds may be, utilized to complete major repairs or simply to address emergencies; HOME funds require major rehabilitation of each home touched. Weatherization resources include federal Weatherization Assistance Program, Low Income Home Energy Assistance Program and private utility resources from Southwest Gas.*

BEFORE

DURING

AFTER

The Manufactured Housing Division is the regulatory division of the Department of Housing providing comprehensive support and partnerships with all segments of the manufactured housing industry – construction of manufactured homes and factory-built buildings, installation of manufactured homes, mobile homes, and residential and commercial modular buildings, and sale of mobile and manufactured homes.

The Department licenses all these segments and reviews and approves engineered plans for the construction and installation of these homes and buildings to ensure consumer protection for the public who occupy these homes and buildings. We also collaborate with local jurisdictions through Intergovernmental Agreements to support the volumes of installation inspections in certain cities, towns, and counties.

The Department is under contract with the Department of Housing and Urban Development (HUD) to be the sole designated authority to monitor the construction of manufactured homes, inspect and verify the installation of manufactured homes, and to act on behalf of HUD for dispute resolution for complaints received from consumers of new manufactured homes.

The Department strives to exceed customer expectations in responding to application submittals for plan review, permits, licenses and inspections.

**FY17, the Department’s average turnaround time includes:**

*In FY2017, the agency was able to assist **1,088 families** with housing counseling and financial assistance.*

Over **\$16 million** in program assistance was committed to assist these homeowners through the federally funded Save Our Home AZ program and the National Mortgage Foreclosure Counseling program.

The foreclosure hotline assisted households with callers receiving extensive counseling services. Foreclosure counselors provide valuable information for homeowners seeking information on foreclosure prevention. Many of the callers receive guidance over the phone and are, directed to pursue assistance through the agency's foreclosure prevention program, Save Our Home AZ.

Save Our Home AZ was created to assist homeowners in avoiding foreclosure on their primary residence. The program provides assistance in the form of Principal Reduction Mortgage Modification, Unemployment/Underemployment Mortgage Assistance, Second Lien Elimination, and Short Sale Assistance.

*..... In FY 2017 .....*

**\$16 Million**

in assistance was committed to homeowners through Save Our Home AZ and the National Mortgage Foreclosure Counseling program

## HOMELESS PREVENTION PROGRAM

*Our Special Needs Division continues to develop and implement supportive housing programs for homeless and disabled populations in rural Arizona.*

Throughout FY2017 our team consistently produced excellent results allowing the agency to remain as a top competitor for the national pool of Continuum of Care Funding, which provides grant dollars for housing Arizona's homeless population. Our ability to forge partnerships has greatly increased the productivity of **43 supportive housing programs** in rural Arizona, thereby avoiding federal funding reductions.

The agency continues to field numerous requests for emergency operating funds in order for homeless shelters to keep their doors open due to budget shortfalls. This includes assisting shelters during the cold winter months in northern Arizona or keeping overflow shelters open in Phoenix during the hot summer months. The agency remains committed to providing assistance to these essential programs and in **FY2017** was able to commit over **\$4.6 Million** in resources through state and federal funding.

## COMMUNITY DEVELOPMENT ACTIVITIES

In FY2017, the agency awarded nearly \$8.7 million that provided infrastructure development, public works projects, emergency equipment needed, social service funding, and a number of other community development related activities to over 114,000 individuals.

COMMUNITY DEVELOPMENT  
ACTIVITIES REACHED OVER  
*114,000 individuals.*

*In August 2016,*

.....  
THE AGENCY SPONSORED ITS ANNUAL  
HOUSING FORUM HELD IN TUCSON  
WHERE 25 STATES WERE REPRESENTED  
BY OVER 400 ATTENDEES.

The Annual Housing Forum is the only statewide, housing conference in Arizona and it has become a venue for elected officials, policymakers, industry professionals, advocates, and community leaders from across the state and nation to address the significant challenges facing Arizona's housing market. The Department provided administrative funding for local governments and nonprofits, operating housing programs, through subcontracts with the agency. The assistance supported numerous local housing positions around the state, administering day-to-day activities related to housing rehabilitation programs, homeless prevention programs, rental assistance, and more.

The agency continued to support a free online web-based search engine, where low-income households looking for available rental units would be able to find vacant, immediately available units statewide. This service provides a way for the public to search for affordable units by location, size, rent amount, and amenities.
