Hello Megan Akens with Ddd can you elaborate on housing counseling? Could it be used to help people find units with vouchers? that would be a need statewide.

Thanks!

One more on support services - There are gaps in support services for the aging population and people with disabilities. However perhaps a solution may be greater cross-sector collaboration with services such as APS/ALTCS rather than new funding. It would be good to hear the disability advocacy stakeholders voice on this issue. Thanks

Tom Litwicki. OPCS. There is still need for TBRA in Pima County. Significantly impacted by changes in economy, but still needed.

Fully agree!

Can you talk about the timeline for these funds?

Thank you :)
