Additional Homeless Populations Summary for AZ-500 - Arizona Balance of State CoC

Date of PIT Count: 1/24/2023

Population: Sheltered and Unsheltered Count

Other Homeless Subpopulations

	Sheltered			Unsheltered	Total
	Emergency	Transitional	Safe Haven		
Adults with a Serious Mental Illness	115	22	4	91	232
Adults with a Substance Use Disorder	110	20	3	325	458
Adults with HIV/AIDS	4	9	0	3	16
Adult Survivors of Domestic Violence	127	21	0	141	289

Methodology for AZ-500 - Arizona Balance of State CoC

Sheltered Population Total

1. What data source(s) was used to produce the total number of people included in the sheltered population (staying in an emergency shelter, Safe Haven, or transitional housing) on the night of the count? Please indicate the percentage of the PIT count derived from each of the sources. (If a source was not used, please enter zero).

HMIS Data	78%
Provider-level surveys	22%
Client-level surveys	0%
Observation	0%
Other	0%
Total	100%

2. Was the CoC able to collect information about the number of people being sheltered on the night of the count from all emergency shelters, Safe Havens, and transitional housing projects listed on the HIC or only some? listed on your HIC or only some?

- Complete census count

3. What information or method(s) was used to de-duplicate the count of the total number of people included in the sheltered population?

- Comparison of personally identifying information (PII), such as name, date of birth, and Social Security Number

Sheltered Subpopulation

4. Looking at the change in your sheltered count from last year's count, please choose the three reasons you believe best explains these changes from the drop-down list below

- Change in PIT participation of programs serving general homeless populations (e.g., singles, families)
- Change in emergency shelter capacity
- Change in capacity due to COVID-19

Please provide a brief description of these specific factors (500 word limit):

During Covid, funds became available to increase the availability of shelter and housing throughout the AZBOSCOC. Many of the projects were available when the count took place in January 2024 which allowed for an increase in the number of persons sheltered. The AZ Department of Housing leveraged additional state and Federal funds to expand capacity. Hotels to Homes projects are in process in some areas of the AZBOSCOC.

A few pocket shelters did not provide information for this year's HIC, but a few new previously non-participating projects have engaged with our county Local Coalitions/Continuums to End Homelessness which coordinate AZBOSCOC local activities within the 13 counties within the AZBOSCOC geography. Examples of these include Crossroad Mission in Nogales (Santa Cruz County) and Hope House in Sedona (Yavapai County). These are not only new projects in PIT/HIC reporting but represent newly coordinated resources in communities that had not previously been participating in CoC activity.

Unsheltered Population

5. What approach(es) was used to count the total number of people included in the unsheltered population during the PIT count? (select all that apply)

- "Night of the count" - known locations only

5b. How did the CoC select the areas that were included for canvassing?

- An effort was made to use local knowledge (such as outreach workers and other local expertise) locations (e.g., areas with known concentrations of people experiencing unsheltered homelessness)

6. Were certain areas within the CoC geography specifically excluded because the CoC had reason to believe there were no unsheltered people in those areas based on prior knowledge/experience?

- No

7. Did the CoC adjust the information in some way (e.g., statistical adjustment or extrapolation) to areas within the CoC geography that were not canvassed but where unsheltered people might have been on the night of the PIT count?

- No

8. Were certain areas within the CoC geography specifically excluded because of concerns related to privacy and safety?

- No

- Comparison of personally identifying information (PII), such as name, date of birth, and Social Security Number

Unsheltered Subpopulations

10. Looking at the change in your unsheltered count from last year's count, please choose up to three reasons that best explain these changes from the drop down list below. Please also provide a brief description of these specific factors (500 word limit).

- Change in implementing the PIT count (Select all that apply)

Please provide a brief description of these specific factors (500 word limit):

Overall, the AZBOSCOG count went well this year from 1349 in 2022 to 1206 in 2023, a 10.6% reduction. .

The Local Coalitions to End Homelessness provided comprehensive coordination. The CoC level PIT workgroup met regularly to discuss strategies for implementation. Training was provided locally in person and a virtual CoC-wide training took place. LCEHs were able to get incentives donated locally. The number of volunteers across the AZBOSCOG also increased this year from 262 in 2022 to 309 in 2023.

- Change in PIT count training (e.g., more/less training options or online training)
- Change in volunteers for PIT count (e.g., increase or decrease in volunteers overall, increase or decrease in volunteers with prior experience, included volunteers from law enforcement in implementation but did not in prior year)
- Counted in fewer or more areas of jurisdiction

Please provide a brief description of these specific factors and how these changes affected PIT count implementation

The AZBOSCOG has established additional Local Coalitions to End Homelessness (LCEH) in two counties which facilitated the count process. Volunteers increased from 262 in 2022 to 309 (18%) increase. Training was provided locally and virtually. A CoC wide PIT Workgroup met regularly. Incentives were provided through local contributions.

Point-in-Time Notes for AZ-500 - Arizona Balance of State CoC

Date of PIT Count: 1/24/2023

Population: Sheltered and Unsheltered Count

Notes

There are two validation warnings in the PIT

--The AZBOSCOG has some 18-24 year olds counted in ES that are in households with persons that are older than them.

--The AZBOSCOG has some 18-24 year olds counted in TH that are in households with persons that older than them.

--The AZBOSCOG has some 18-24 year olds counted in unsheltered population that are in households with persons older than them.

There are two projects that provide ES while households are waiting for PH-RRH under SSVF. The two projects are 706-EHA and 714-EHA.

All Homeless Populations: Households with at least one Adult & one Child

Some unsheltered 18-24 year olds are in households with other adults.

All Homeless Populations: Households with only Children

- No notes -

All Homeless Populations: Households without Children

Some unsheltered 18-24 year olds are in households with other adults.

All Homeless Populations: Totals

Point In Time Summary for AZ-500 - Arizona Balance of State CoC
