We have provided the following guidance to help you successfully upload attachments and get maximum points:

- | | |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. | You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete. |
| 2. | You must upload an attachment for each document listed where 'Required?' is 'Yes'. |
| 3. | We prefer that you use PDF files, though other file types are supported—please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube. |
| 4. | Attachments must match the questions they are associated with. |
| 5. | Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. |
| 6. | If you cannot read the attachment, it is likely we cannot read it either. |
| | . We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time). |
| | . We must be able to read everything you want us to consider in any attachment. |
| 7. | After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include. |

Expand the supply of assisted housing by: <ul style="list-style-type: none"> • HACY started its VASH program with 25 HUD-Vouchers in October 1, 2014 and by October 1, 2018, the VASH program increased to 71 HUD-VASH Vouchers. In December 1, 2020, HACY became a recipient of \$52,749 under the Program Special Fees VASH Grant. The grant will aid by providing a temporary staff to assist on lease up increase, landlord recruitment, transportation, and on-going services. • Under the Housing Choice Vouchers program, all PHA's had to learn and adapt to a new way of doing business in the mist of the pandemic. COVID presented a new way of life in our community and as a Nation, new barriers surfaced and upon adapting our lease up dropped under 95%. The agency work diligently and efficiently into increasing our lease up to 95% and successfully reached it and continues to work diligently on maintain a high lease up rate. We continue to maximize the impact in our community through our HCV program. • Additionally, in partnership with the City of Yuma, Arizona Complete Health, AHCCCS, and Arizona Housing Development Corporation, we successfully built three new homes in the Magnolia Avenue Area. The homes now provide new opportunity for families under a vulnerable population such as Serious Mental Illness (SMI). Our application for Phase II of the Magnolia Avenue Home Project for persons with SMI has been approved by AHCCCS. 2. Improve the quality of assisted housing by: <ul style="list-style-type: none"> • HACY converted to the YARDI Software; under this software we will improve the quality of assisted housing by giving our families the flexibility to process all new admission, interim-recertification, and annual recertification from the comfort of their home. Families who are unable to process documentation online will continue to have accessibility to our office, if needed. The conversion is only phase I of a multi-phase plan to completely revamp operations for our staff, tenants, landlord, and vendors. 3. Increase assisted housing choices by: <ul style="list-style-type: none"> • HACY now administers a Tenant-Based Rental Assistance (TBRA) Emergency Program offered to low- and very low-income residents in Yuma County. Through the program, HACY will assist individuals and/or families who are homeless or in the verge of homelessness or have a rent burden, or have a financial hardships due to COVID. HOME funds will be used to help applicants pay necessary security deposits, utility deposits, and rental assistance. Grant award will approximately offer housing assistance to 60 families for a 12-month period; this is a temporary Emergency Housing Program. A grant application for 2022 was submitted and awaits approval. • HACY continues to promote homeownership through its Family Self-Sufficiency (FSS) program. As a result in 2020, we had eight (8) first time homeowners from which none were recipients of the homeownership voucher and are now self-sufficient. 4. Improve community quality of life and economic vitality by: <ul style="list-style-type: none"> • HACY adopted the SHINE Boys and Girls Center to provide evidence-based youth and family services to the community and HACY clients. The SHINE Center provides free childcare to FSS participants and additional health and wellness services for families in need. The SHINE Center became a "safe heaven" for parents that are able and willing to work, but are unable too as a result of school shutdowns across the Nation. The SHINE Center bridged that barrier for families under the FSS program and low-income families in our community. Additionally, SHINE was awarded \$35,000 by the City of Yuma to provide emergency childcare services to youth of essential workers in the summer of 2020. The SHINE Summer Camp proved to be an affordable and safe option for many families, particularly single mothers. The SHINE Summer Camp served a dual purpose by promoting physical, mental and emotional wellness to our low-income children that were impacted by schools shutting down. 5. Promote self-sufficiency and asset development of families and individuals by: <ul style="list-style-type: none"> • HACY was approved by AEA Federal Credit Union as a sub-recipient for the WISH/IDEA program. The WISH/IDEA program will match \$4 for every \$1 our FSS participants invest in a home up to the maximum match of \$5,500 for a total grant of \$22,000. Funds can only be applied towards the down payment and/or traditional closings costs associated with the purchase. This will help our FSS participants borrow less, so at the end of 15 years when the mortgage assistance payments from HUD end, the mortgage payments will be affordable to them. In addition, it has created the opportunity for many of clients in pursuit of homeownership into becoming a model of self-sufficiency. In 2020, we had eight (8) homeowners from which none were recipients of the homeownership voucher and are now first time homeowners and are self-sufficient. • HACY has applied and received the 2020 NOFA under Family Self-Sufficiency (FSS) Grant. The FSS Program currently has 268 participants, from which 186 participants built escrows totaling approximately \$746,656.43 in escrow funds. Their escrow is available to the clients for the purchase of home, pay off debt, tuition for higher education and other eligible cash out opportunities. During the past year, 24 participants graduated from the program and eight (8) of the 24 became fist-time homeowners who are now self-sufficient. 6. Ensure equal opportunity and affirmatively further fair housing by: <ul style="list-style-type: none"> • HACY continues to ensure that housing is provided regardless of race, ethnicity, religion, color, sex, and familial status through its Fair Housing Policy.
<p>B.7</p>	<p>Resident Advisory Board (RAB) Comments.</p> <p>(a) Did the RAB(s) provide comments to the PHA Plan?</p> <p>Y N <input type="checkbox"/> <input checked="" type="checkbox"/></p> <p>(a) If yes, comments must be submitted by the PHA as an attachment to the PHA Plan. PHAs must also include a narrative describing their analysis of the RAB recommendations and the decisions made on these recommendations.</p>

1C-7 PHA Moving On Preference

The Arizona Balance of State Continuum of Care (AZBOSCO) at the Local Continuum to End Homelessness (LCEH) level continues to work with local PHAs as applicable (not all communities in the CoC have PHAs) for implementation of Moving On Strategies. As a result, of the Emergency Housing Voucher Initiative and the resulting MOU between CoC and PHA, LCEHs requested guidance on Moving On strategies. The CoC Coordinated Entry Committee developed and approved the Guidance on 7/21/2021 and the Governance Advisory Board approved the Guidance on the 8/16/2021. Although the PHAs don't have formalized Moving On documentation, the CoC guidance provides information about how the LCEHs can work with PHAs and other housing resources related to Moving On. Several LCEHs are using EHV's for moving on. As a part of the 2022 Supplemental NOFO, the LCEHs are continuing to work with the PHAs to maximize the use of vouchers (with the possibility of addition of sustainability vouchers) end homelessness including as a part of moving-on strategies.

**Addendum to
Arizona Balance of State Continuum of Care
Coordinated Entry Policy
Moving On Strategies
August 2021**

- Approved by the Coordinated Entry Committee on July 21, 2021 for consideration by the Governance Advisory Board
- Approved by the Governance Advisory Board on August 16, 2021.

Overview

The purpose of this addendum is to highlight the Moving On Strategy as an additional tool to ensure that all housing resources available in the Local Continuum/Coalition to End Homelessness (LCEH) geographic or covered by a particular Arizona Balance of State Continuum of Care (AZBOSCO) funded project are used to the highest and best use. As of the date of this addendum, a new resource—the Emergency Housing Vouchers (EHV) (administered through a local Public Housing Authority-PHA) have been released. This has expanded the opportunities to implement moving on strategies.

Moving on strategies primarily apply to households that are housed through CoC permanent supportive housing programs. However, the EHV program also allows for moving on to be used for households in CoC funded rapid rehousing units when appropriate.

The intent of moving on is to move households that have stabilized but who still need rental assistance to maintain their housing. Traditionally –Housing Choice Vouchers have been the primary resource to implement moving on. The EHV currently available provide another option.

Case Conferencing is the critical component for implementing moving on strategies. Moving on should be considered for households presented in case conferencing when the following criteria is present.

- The household is stable and requires minimal support.
- The household has income sufficient to support their rental responsibility related to voucher use.
- The PSH/RRH unit can be quickly used by a household experiencing homelessness.
- In considering whether the moving on strategy is appropriate, the household should be consulted and have a choice in accepting or declining the option presented.

**Note—It is the intent, that households would remain in their current housing unit and only the source of rental assistance would change.

A standardized assessment must be used to ensure equity and transparency for all households. *The following table provides examples of threshold questions as a foundation of an assessment (These particular questions came from an example from Connecticut). This Assessment is provided as a template only. Each LCEH should revise, make additions or change the questions in their entirety to develop an assessment that is meaningful for the community in which it will be used.*

Ohio also has an assessment which has additional specific and discrete data points that might be appropriate for LCEHs that need to prioritize multiple households for consideration related to moving on. The Ohio assessment can be found here and is also attached to the email that was used to distribute this document:

<https://www.csh.org/wp-content/uploads/2016/05/Ohio-Moving-on-Assessment.pdf>

(if the LCEH has a logo, it can be added)

Next Steps: All LCEHs using moving on strategies, must have an addendum to the LCEH Coordinated Entry and Case Conferencing Policy. A standardized assessment must be a part of that policy and procedure. This addendum is provided as a starting point and can be used and adapted by the LCEH to reduce the development process of a new policy. LCEHs may limit moving on to households currently in PSH units—keeping in mind that the ultimate purpose is to ensure the highest and best use of all rental assistance available in the LCEH geographic area.

Note: The AZBOSCOG has two subrecipients that are also part of healthcare networks in the communities served. Participants in their CoC funded housing projects access healthcare, behavioral health and substance use disorder treatment through this direct relationship. In the upcoming year the AZBOSCOG through a collaboration between the Arizona Department of Housing and AHCCCS(the Arizona Medicaid State Agency) will examine strategies to establish formalized agreements.

Re: AHCCCS Letter of Support – AZ Balance of State Continuum of Care (AZBOSCO)(AZ-500)

Dear Mr. Bridge:

On behalf of the Arizona Health Care Cost Containment System (AHCCCS), Arizona’s Medicaid Program, we are providing this letter of general support and coordination with the Arizona Department of Housing as the Collaborative Applicant for the Arizona Balance of State Continuum of Care (AZBOSCO). While specific financial contributions for potential AZBOSCO projects cannot be provided as requested, AHCCCS is committed to the following collaborations and support in SFY 2023 ending June 30, 2023.

- 1) Data Sharing – AHCCCS is committed to ongoing efforts to integrate HMIS and AHCCCS Medicaid data sets for the purposes of improved coordination of resources and planning as well as service improvements for persons experiencing homelessness. In the next year, projects we will continue to support with ADOH and the AZBOSCO include: 1) data share agreement between AZBOSCO HMIS and AHCCCS to coordinate heat/cold relief emergency health efforts in BOS; 2) state HMIS/AHCCCS data warehouse and ongoing efforts to develop a standing statewide HMIS and AHCCCS database to coordinate resources and improve homeless services and coordination; and 3) data sharing between State agencies and systems of care to identify high cost high needs members including those experiencing chronic homelessness to maximize and leverage funding across programs.
- 2) Statewide Interagency Homeless Coordination- Continuing the work of the Governor’s interagency workgroup on homeless planning and coordination including AHCCCS, HMIS/homeless services, the Arizona Department of Corrections, the Arizona Department of Veterans Services, and ADOH. This will further support ongoing efforts to reduce homelessness statewide in Arizona.
- 3) Integration of Medicaid Reimbursable Services with Mainstream Homeless Housing Programs- AHCCCS is currently negotiating its Housing and Health Opportunities (H2O) 1115 demonstration waiver proposal with the Centers for Medicare and Medicaid Services (CMS). From this demonstration, AHCCCS anticipates securing Medicaid authority to provide a number of services statewide to Medicaid enrolled and eligible persons experiencing homelessness including outreach services, reimbursement for transitional housing for up to six months for persons exiting homelessness or institutional releases, funds for move-in expenses, and pre-and post-tenancy wrap around services.

AHCCCS intends to work closely with the three Arizona Continua of Care including the AZBOSCOC as well as ADOH around its goals of increasing the stock of shelter and affordable housing for persons experiencing homelessness and other high acuity populations. For information on AHCCCS's H2O waiver, please see the infographic at: (https://www.azahcccs.gov/Resources/Downloads/1115Waiver/AddressingHealthcareAndHousing_Infographic.pdf)

AHCCCS is also committed to continued coordination across its grant funded programs that support non-Medicaid eligible individuals including the SAMHSA PATH grant, Substance Abuse Block Grant and Mental Health Block Grant.

- 4) Managed Care Organizations Coordination- AHCCCS maintains a mandatory managed care delivery system. AHCCCS members are generally enrolled with one seven Arizona Complete Care (ACC) managed care plans. These plans are responsible for providing a network of integrated care services. For persons with a determination of serious mentally illness (SMI), behavioral health services are specifically provided by one of the three ACC plans awarded an ACC-Regional Behavioral Health Agreement (ACC-RBHA). To further coordination with the AZBOSCOC, AHCCCS by contract and policy requires its ACC plans and their providers to coordinate with their local COCs, participate in HMIS, and attend Local Coalitions to End Homelessness meetings in the communities they serve.

We regret AHCCCS cannot provide the specific match letter and contribution commitments HUD requires for the specific projects being proposed this year, but we hope this letter will demonstrate AHCCCS's commitment going forward to our common goals of ending homelessness and improving the health and well being of Arizona's population of persons experiencing homelessness.

Sincerely,

Jami Snyder
Director
