4B. Attachments Screen For All Application Questions

We have provided the following guidance to help you successfully upload attachments and get maximum points:

	1.	You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete.
	2.	You must upload an attachment for each document listed where 'Required?' is 'Yes'.
	3.	We prefer that you use PDF files, though other file types are supported–please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube.
	4.	Attachments must match the questions they are associated with.
	5.	Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process.
	6.	If you cannot read the attachment, it is likely we cannot read it either.
		. We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).
		. We must be able to read everything you want us to consider in any attachment.
	7.	After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include.
	8.	Only use the "Other" attachment option to meet an attachment requirement that is not otherwise listed in these detailed instructions.
