

# Modular Manufacturer Certificate

Effective January 1, 2013, the new Modular Manufacturer Certificate will replace the Factory-Built Building (FBB) Manufacturer Insignia issued by the Department of Fire Building and Life Safety (“DFBLS”) to Manufacturers. Manufacturers will continue to affix FBB Manufacturer Insignias until their existing inventory is depleted.

## Modular Manufacturer Certificate versus FBB Manufacturer Insignia. **What is the same?**

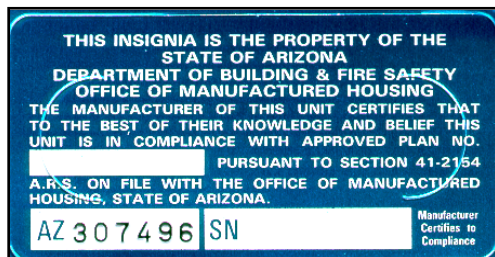

- Plan # block
- Serial number block (must have full serial number)
- Still affixed to each section of a residential or commercial modular unit

## Modular Manufacturer Certificate versus FBB Manufacturer Insignia. **What has changed?**

- Color – Dark green
- Larger size - 3.5” high by 4” wide
- Added Manufacturer & Address blocks
- Added Date of Manufacture block
- Added Roof Load, Wind Zone, & Seismic Zone blocks
- Added Occupancy Use block
