

MORTGAGE ASSISTANCE IN ARIZONA

What do the numbers say?

Save Our Home AZ provides foreclosure avoidance assistance to eligible Arizona homeowners. The multiple components of the program include:

- Principal Reduction Assistance for modification or eligible refinances
- Unemployment/Underemployment Mortgage Assistance
- Reinstatement of Delinquent payments
- Second Lien Elimination
- Short Sale Assistance (no longer issuing new commitments)
- Pathway to Purchase Down Payment Assistance (no longer issuing commitments)

While there has been a noticeable improvement in Arizona's housing market, with Arizona's foreclosure rate dropping to pre-recession levels, thousands of Arizona homeowners are still facing foreclosure and approximately 11% are still underwater with their mortgages. Since 2010, the agency has been able to financially assist 10,379 families avoid foreclosure or purchase a home, thereby reducing the state's foreclosure rate and helping housing values to return to normal. Over \$252 million in program assistance is expended or committed to individual homeowners as of April 30, 2019, to assist homeowners through the Save Our Home AZ and Pathway to Purchase programs, funded by the United States Department of the Treasury.
