NOFO Scoring • System Performance Measures 2022 Report/ Review • NOFO scoring	David provided an overview of the NOFO process. He talk about the requirement for the governance process which over the years resulted in the LCEHs. The NOFO is a competitive process. The AZBOSCOC renewal amount is approximately \$5 million. The AZBOSCOC received level funding. David indicated that the AZBOSCOC also received funds from the Special NOFO and was only one of 38 CoCs that received funding. David reviewed the AZBOSCOC scoring over the years in comparison to the rest of the approximately 400 CoC. CoCs are more likely to get bonus projects if the CoC scores above the median. 2021 was the lowest AZBOSCOC score. In 2022, it increased but still below the median. David shared the NOFO scoring by category. He indicated that the system performance measures were the most important category. In other areas, the AZBOSCOC is scoring well in the other areas. Coordination is also an area where improvement can take place—the partnerships that HUD is specifically looking at are partnerships with health care, the PHAs, and other housing systems. David indicated that a LCEH Request for Information will be sent out again related to the 2023 to gather data to respond to the NOFO questions. David reviewed each of the SPMs-length of time homeless. —It has been creeping but there may be some ideas about the LCEH can impact the measure. We are working with Solari to get additional information and a report related to long-term stayers. LCEHs can look at length of stay as a part of prioritization. Allison from Gila indicated that they are working with Solari to clean up their data. David asked if there are ways to share information about data quality. Staci asked if that should be a responsibility of the LCEH HMIS Lead to discuss with other agencies. David indicated that we can work with Solari to produce LCEH level reports related to data quality. Staci indicated that it would be helpful to know what agencies from the LCEH area are included in HMIS. Returns to Homelessness: Most folks are not coming back into the sy				

Agenda Item	Notes					
	HMIS Count—for 2023 –folks in emergency shelter and transitional housing went up while the number of folks unsheltered went down. It would also appear the households that meet the chronic homeless definition also went down. The LCEHs have contributed significantly to the quality of the unsheltered count that took place. Income Increase—possible improvements—data quality—working with Workforce programs and increasing case management and service connection. First Time Homeless—continues to be high—affordability impacts this. Successful Exits—could be data clean up—can shelter be bridge housing instead of defining as emergency or transitional housing PSH Retention-This intervention does work with a 96.6% retention rate. May consider exit report monitoring.					
HIC/PIT submission and overview	Candee provided a brief overview of the unsheltered PIT information.					
LCEH Capacity Building Grants Contracts all sent out Status of LCEHs in process of hiring staff Increase in Access points/street outreach	Cristina indicated that all contracts have been sent out. Staci indicated that they have a work plan to fill their new positions through their sub contractor. Terrance indicated that their subcontracts are in process with most of them using current staff except for Mariposa which will be hiring new staff. Current staff were doing the work but not getting compensated for the work—this funding will allow that to change. Allison—Gila indicated that they are creating and posting an administrative assistant position shortly. Allison-Apache/Navajo—staff have been hired. Tia is focused on coordinated entry and HMIS and Nate is focused on outreach. Marilyn continues to provide support and the collaboration among OCCAC, ReCenter and CPMSAZ is going well. Mohave has posted case conferencing/HMIS position—will be doing interviews in the next few weeks. Lucia-indicated that the LCEH coordinator position will be advertised this week. Cristina indicated that La Paz has posted for the LCEH Coordinator.					
AHCCCS requests how to incorporate Health Plans for LCEH participation	Cristina indicated that a common goal of the AZBOSCOC and AHCCCS is to improve coordination between the local plans and the LCEHs. David indicated that AHCCCS will be able to pay for shelter, move in costs, deposits, and more wraparound services with a focus on SMI. This process will start in October. David indicated that AHCCCS will make a presentation to the LCEHs in the future. The RBHAs are key—Managed Care Organizations (MCOs) and the network providers are required to work with the CoC. David asked what gaps could the MCOs and network providers fill? • Participate in planning • Participate in case conferencing • Terrance indicated one of the strategies they are working on is enhanced shelter. • Nate indicated that working with the AHCCCS case manager could really be useful. David indicated that a pilot data share is in process with AHCCCS.					
Funding Opportunities • Az Housing Coalition	AZ Housing Coalition is releasing funds for capacity building in rural communities—some areas could include direct service.					

Agenda Item	Notes
