

Arizona Department of Housing

Consolidated Annual Performance & Evaluation Report (CAPER)

Federal FY 2021

July 1, 2021 - June 30, 2022

1110 West Washington Street, Suite 280 | Phoenix, AZ 85007
Telephone: (602) 771-1000 | Facsimile: (602) 771-1002 | TTY: (602) 771-1001

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

Approximately \$4.6 million in federal HOME and CDBG funding was committed to preservation and improvement in the form of owner-occupied housing rehabilitation and will serve approximately 87 low to moderate income households. Approximately \$5.7 million in CDBG funds was committed to public infrastructure projects, as they are the primary focus of rural counties and communities participating in the State and small cities CDBG program through ADOH. Infrastructure improvements including streets, sidewalks, water, wastewater, curbs, gutters, and drainage improvements were funded, addressing the Department's priority to promote sustainable and accessible communities and serving approximately 33,057 Arizona residents. Additionally, approximately \$1.8 million in CDBG funds was committed to community facilities serving approximately 44,236 residents, \$596,769 to the removal of barriers and accessibility serving approximately 36,903 mobility impaired residents. ADOH posted its draft CAPER to its website on September 6, 2022 for a seventeen day comment period ending September 23, 2022. Advertisements of the CAPER availability were published in Flagstaff, Kingman, Phoenix, Tucson and Yuma newspapers.

Due to the Capacity deficiencies in rural local governments and the lack of sufficient employment base for most employers, economic development projects are not utilized. ADOH received no requests for economic development project technical assistance or ED application project funds for FFY2021 (SFY2022) CDBG funds..

The Rental Division of ADOH led the efforts on the development of new rental units with a variety of resources. These include Crisis Contingency Safety Net Fund (CCSNF), Low-Income Housing Tax Credits (LIHTC) and State HTF and National Housing Trust Fund. The Rental Division committed approximately \$475 million to new construction of low-income multi-family housing and \$68 million to acquisition/rehabilitation of multi-family units. This will result in over 19,000 multi-family rental units.

The Special Needs Division of ADOH continued their work to increase the agency capacity of homeless service providers that

assist families and individuals in need and worked to prevent homelessness.

HOPWA monies provided \$428,139 in funds for supportive services, tenant-based rental assistance, Short Term Rent, mortgage and utility assistance (STRMU) for 78 persons. ADOH contracted with three (3) organizations to administer the HOPWA programs which serve ten (10) of the thirteen (13) non-entitlement counties.

McKinney-Vento monies for Balance of State Continuum of Care provided \$ 5,339,865 to support **194 units of housing, including 64 units for homeless households**, through twenty (21) contracts. Ten percent (10%) was directed toward supportive services. Four percent (4%) of the budget is for the Homeless Management Information System and \$283,326 is specifically for planning and duties of the UFA. The remaining \$4,038,157 was directed to rental assistance.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
Community Facilities and Improvements	Non-Housing Community Development	CDBG: \$	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit	Persons Assisted	100000	55937	55.94%	25000	68,069	272.00%

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

ADOH continued to invest funds to address its highest priorities and specific objectives. CDBG funds were invested primarily in the following highest priority activities: 1) public infrastructure and facilities; 2) improving the quality of housing stock, and 3) removal of barriers and accessibility for LMI. HOME funds were invested in the high priority activities of construction and rehabilitation of rental units and improving the quality of housing stock through owner-occupied housing rehabilitation. ESG funds were invested in high priority rental assistance and services for the homeless. HOPWA funds were invested in high priority housing and services for persons with HIV/AIDS. Materials and Supply Chain interruptions continued to slow the progress of activities regardless of the funding source especially for new construction or rehabilitation activities. This affected the number of completed projects, thereby reducing the number of persons served from the anticipated in the FY2021 Action Plan and Consolidated Plan.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME	HOPWA	ESG	HTF
White	3,416	110	115	TBD	55
Black or African American	2	4	2	TBD	31
Asian	13	6	1	TBD	5
American Indian or American Native	127	0	3	TBD	4
Native Hawaiian or Other Pacific Islander	0	0	0	TBD	0
Total	3,558	120	121	TBD	95
Hispanic	38	37	24	TBD	31
Not Hispanic	3,520	83	97	TBD	64

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

ADOH Programs are available to all income qualified beneficiaries regardless of race or ethnicity and Arizona assisted low and moderate-income persons with a range of racial and ethnic backgrounds. Note that not all CDBG projects completed, i.e. public infrastructure, were required to capture race and ethnicity data. ADOH consistently monitors funded projects for compliance with fair housing and equal opportunity

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	9,943,614	25,842,288
HOME	public - federal	5,884,026	7,637,194
HOPWA	public - federal	442,224	134,583
ESG	public - federal	1,552,059	1,552,059
HTF	public - federal	11,477,467	5,500,000

Table 3 - Resources Made Available

Narrative

The resource amounts expended from July 1, 2021 through June 30, 2022 are based on the total of draws for each funding source over the reporting period from the ADOH Housing Development Software (HDS) database and are as follows: CDBG: \$8,199,347 which includes \$998,809 in Colonias Set Aside; \$17,642,941 CDBG-CV ; HOME: \$7,637,194 including 1) 2,995,742 new construction, 2) \$2,810,885 rental rehabilitation and 3) \$1,830,567 OOHR; ESG: \$1,552,059; HOPWA: \$134,583; and National HTF \$5,500,000. Other funds expended are comprised of State Housing Trust Funds in the amount of \$5,023,600 and Continuum of Care in the amount of \$3,711,565.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
State of Arizona FY2020-2024	100	100	State Service Area

Table 4 – Identify the geographic distribution and location of investments

Narrative

The State's service area for CDBG includes all of the non-entitlement areas of the state and funding follows a method of distribution that includes annual allocations to regionally agreed upon pre-determined units of local government known as the Regional allocation as well as a pool of funding available competitively to all eligible state CDBG units of local governments known as the State Special Projects allocation. Additionally the State has a 10% set aside for Colonia eligible projects awarded once every two years through a competitive application process.

The State's CDBG-CV funds were made available through competitive application and serves

the entire state including entitlements while setting aside \$6,586,504 for rural units of local government projects exceeding the minimum set aside requirement equal to the CDBG-CV1 tranche or \$5,743,880.

HOME funds can be accessed competitively by units of local government, for-profit or non-profit entities with the primary focus on rural areas outside of other participating jurisdictions in the state.

HOPWA contracts are awarded based on needs of the service area and available service providers. Current service providers are covering Coconino, Gila, Graham, Greenlee, LaPaz, Mohave, Pinal, Santa Cruz, Yavapai, and Yuma Counties.

HTF will be made available through one or more of the following methods: 1) A Notice of Funds Available for the construction of rental housing in which HTF may be used solely or in conjunction with HOME, State Housing Trust Fund, NSP, 4% LIHTC, 9% LIHTC or other funding sources; or 2) Gap financing for rental development awarded 4% or 9% LIHTCs in accordance with the ADOH Qualified Allocation Plan (QAP).

For HTF: applicants must provide documentation demonstrating the following: 1) applicant is a legally formed entity; 2) development team has sufficient capacity; 3) site control and zoning entitlements; 4) adherence to environmental regulations; 5) financial ability to proceed; 6) market demand for prospective population; 7) adherence to design standards including energy efficiency; 8) adequacy of services to special needs populations (if applicable).

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Arizona leveraged \$73,303,896 in private, state, and local resources over the reporting period. CDBG funds leveraged \$1,844,957 in additional funding. HOME funds invested in rental development leveraged \$71,458,939 in state and local resources. New HOME match contribution in the amount of \$35,457,897 was provided through the investment of owner cash and non-federal resources with the remainder consisting of excess match banked in the amount of \$14,785,224 from previous years activities. Due to these contributions Arizona now has excess Match to carryover to next Federal Fiscal Year in the amount of \$48,340,366.

State Housing Trust Fund (SHTF) provided administrative funding for HOME funded single-family housing rehabilitation and Continuum of Care (COC) funded rental assistance programs. Arizona agencies receiving COC funds provided leverage through in-kind contributions and services associated with permanent supportive housing.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	14,785,224
2. Match contributed during current Federal fiscal year	35,457,897
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	50,243,121
4. Match liability for current Federal fiscal year	1,902,755
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	48,340,366

Table 5 – Fiscal Year Summary - HOME Match Report

Match Contribution for the Federal Fiscal Year								
Project No. or Other ID	Date of Contribution	Cash (non-Federal sources)	Foregone Taxes, Fees, Charges	Appraised Land/Real Property	Required Infrastructure	Site Preparation, Construction Materials, Donated labor	Bond Financing	Total Match
302-19	10/28/2021	3,000.00						3,000.00

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	200	346
Number of Non-Homeless households to be provided affordable housing units	101	95
Number of Special-Needs households to be provided affordable housing units	50	48
Total	351	489

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	200	395
Number of households supported through The Production of New Units	30	163
Number of households supported through Rehab of Existing Units	121	95
Number of households supported through Acquisition of Existing Units	0	130
Total	351	783

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Availability of construction materials and supply chain interruptions continue to be a disruptive factor in the industry especially for rural jurisdictions. However, Arizona successfully achieved completion of the anticipated number of units produced or improved as noted in the Annual Action Plan. Service programs for vulnerable populations continue operations while following CDC recommendations but remain affected due to the increase in

the number of persons needing federal assistance. Arizona’s largest county alone saw a 35% increase to numbers of persons experiencing homelessness over the last two (2) years. The economic hardships and the shortage of affordable housing are at crisis levels even though Arizona’s unemployment rates have improved. All numbers were derived from the ADOH HDS Grants Management System. Any variances between these numbers and PR23 reports pulled by HUD are due to timing of the PR23 report.

Discuss how these outcomes will impact future annual action plans.

Future action plans will continue to consider the capacity of homeless housing providers as well as the extent to which the development community continues to participate in the production of affordable housing units, permanent supportive housing for persons who are homeless or of low-moderate income and low-moderate or homeless persons with special needs. How to continue to provide assistance in a safe manner through the duration of COVID-19 and how to set appropriate production goals when materials and supply chain disruptions continue will also be considered.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual	HTF Actual
Extremely Low-income	144	8	38
Low-income	13	57	0
Moderate-income	9	8	0
Total	166	73	38

Table 13 – Number of Households Served

Narrative Information

Owner Occupied Housing Rehabilitation with CDBG or HOME funding continues to be impacted by construction material and supply chain delays. Lack of contractors willing to bid projects are slowing the pace of unit completions. Multi-family projects are experiencing the same construction material and supply chain delays. All numbers were derived from the ADOH HDS Grants Management System. Any variances between these numbers and PR23 reports pulled by HUD are due to timing of the PR23 report.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)
Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The AZ Balance of State Continuum of Care (AZBOSCO) provides a myriad of services to those experiencing homelessness with the goal of assisting them to move into permanent housing and achieve housing stability. To this end, the BOSCO worked closely with federal, state, and local agencies to develop its Coordinated Entry (CE) system. It is a no wrong door approach taken by the community based network/coalitions to end homelessness who are working to bring all agencies on board to fully implement CE along with case conferencing so that the most vulnerable citizens are receiving assistance to end their homeless status.

Outreach to those who are homeless is funded by Projects for Assistance in Transition from Homelessness (PATH), which exists in four (4) BOS counties, and ESG, which also funds emergency shelter and rapid re-housing programs.

All three (3) Continuums in Arizona (Pima, Maricopa, and Balance of State) conduct a Point In Time count each year to determine how many persons are homeless and to reach out to persons who are homeless. Due to COVID 19 Point In Time Counts for unsheltered homeless were not conducted.

Addressing the emergency shelter and transitional housing needs of homeless persons

Through the AzDES, funding was provided to ten (10) emergency shelters. During the reporting period, a total of 5,803 persons were housed in shelters. This consisted of 3,695 adults and 2,108 children.

Through the ADOH Rental Division, funding was provided for the new construction of a facility that will accommodate 120 transitional housing beds for homeless individuals. This project is under construction at this time.

Through the CD&R Division, State Fiscal Recovery funding was provided for the acquisition and rehabilitation of hotel units to be converted to transitional housing units serving persons experiencing homelessness. A total of approximately 300 units are anticipated with 56 of those units already online and occupied at the end of FY21. CDBG-CV Funds have been

awarded to 8 projects that will provide emergency and transitional housing for approximately 465 persons experiencing homelessness.

Not all counties in the Balance of State Continuum of Care (BOSCO) have a project-based shelter. It is common practice for smaller Arizona communities to provide shelter through a motel voucher system. Some of these programs are funded through ESG while others are funded privately or through faith-based organizations. Four (4) of the thirteen (13) counties have PATH teams and the other counties rely on collaboration with law enforcement for outreach and engagement or referrals from faith based and other non profit organizations. Coconino County has the largest project-based shelter in the thirteen (13) BOS counties. This shelter is located in Flagstaff and receives ESG funding for shelter operations and Rapid Re-housing as well as RRH under a separate contract with ADOH funded with state Housing Trust Funds.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Although efforts to end chronic homelessness continue to be a primary focus, prevention efforts have increased. CDBG-CV funding provided emergency subsistence payments to prevent renters from eviction and homeowners from foreclosure.

AzDES continued to provide a Statewide Eviction Prevention Program funded with \$289 million in February 2021. Additionally, a small portion of ESG goes for prevention and faith-based organizations, like St. Vincent de Paul and Salvation Army, along with local churches, provide the bulk of prevention services on an emergency basis assisting with rent and utilities keeping families from facing eviction.

ADOH funded rapid re-housing in Maricopa County, Pima County and the Balance of State totaling \$4,850,313 which provided financial assistance and supportive services to 491 households.

Housing First, Coordinated Entry and Case Conferencing are all established principles and required by contract under all major funding entities: city, county, and state.

The efforts continue in working to prevent and end homelessness for families, youth, and

Children. In Maricopa County, there is a Stand Strong for Families coalition that established a system of Coordinated Entry for families and continues their collaboration to lift all families out of homelessness. ADOH funds an RRH program in Maricopa County that focuses on housing families.

The Homeless Management Information System (HMIS) is the key to measuring outcomes. All three (3) continuums share data within their geographic regions as needed at some level.

As the SOAR State Lead, ADOH is able to offer Technical Assistance (TA) and track new users across the State. ADOH and local leads received TA from SAMHSA's TA provider to help develop strategies to get buy-in from other agencies and health care facilities in hopes of increasing the number of SOAR trained persons throughout Arizona. Currently, every agency that is funded through ADOH is required to have at least one SOAR trained staff on board and they must be registered in OAT, the online application tracking system for SOAR applications.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The DES Homeless Coordination Office requires all subcontractors to adhere to program goals and objectives including target populations to be served. Contracts require that at least sixty percent (60%) of all rapid re-housing and/or homeless prevention participants represent at least one (1) of the priority population criteria: 1) chronically homeless; 2) disabled; 3) experiencing substance abuse issues; 4) being "released from an institution"; 5) being released from a substance abuse facility; 6) aging or aged-out of child foster care; 7) domestic violence survivor; 8) youth eighteen (18) to twenty-four (24) years of age; 9) veterans; or 10) sixty-two (62) years of age or older.

Veteran programs have been highly successful in assisting veterans to find employment and secure permanent housing. Best practices have shown that transitional housing is not as effective as other models of housing, especially permanent housing, either permanent supportive or rapid re-housing, especially for families. Therefore, less and less transitional housing is being funded. Some domestic violence programs, due to capacity and need, operate their programs between meeting immediate shelter needs and providing longer term

transitional housing while survivors heal and plan for their future.

Sub-contractors are also required to adhere to standard performance measures and outcomes which consist of 1) seventy-five percent (75%) of participants improve in overall Self Sufficiency Matrix score from participant entry to participant exit; 2) sixty percent (60%) of participants who exit the rapid re-housing program, exit to permanent housing during the program year; 3) seventy-five percent (75%) of rapid re-housing participants who exit the rapid re-housing program score a four (4) or better income section of the Self Sufficiency Matrix; 4) sixtypercent (60%) of rapid re-housing participants meet at least one (1) of the priority populations criteria; and 5) forty percent (40%) of temporary emergency shelter clients exit to positivepermanent housing situations during the program year.

The HUD VASH and VA Supportive Services for Veteran Families (SSVF) programs continue to be of great assistance in reducing veteran homelessness.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

While ADOH and its Arizona Public Housing Authority (APHA) Division do not own or manage any public housing, the APHA has monitoring and compliance oversight of approximately 8,031 units through Project-Based Contract Administration and approximately 230 Housing Choice Vouchers. The Housing Choice Voucher Program (HCVP) administered by the APHA is a small Housing Authority confined to Yavapai County and one that requires in-kind contributions from the State to administer. ADOH does not collect this information from the public housing authorities that service the non-entitlement regions of the State and has no authority over their programs, service areas, or outcomes.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

ADOH and its PHA Division do not own or manage any public housing. The State of Arizona will remain ready to assist any Public Housing Agency in Arizona with technical assistance and planning to ensure they promote resident involvement and continue to address the needs for public housing in their respective jurisdictions.

Actions taken to provide assistance to troubled PHAs

The State of Arizona is available to assist any Public Housing Agency in Arizona with technical assistance and planning to improve operations as needed in the event that a property experiences distress.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The Arizona Department of Housing collaborates with local, regional, and state government on a regular basis to remove barriers to affordable housing. Local governments are made aware of development barriers to multi-family housing during the Low-Income Housing Tax Credit, Qualified Allocation Plan public participation process. The four (4) Councils of Governments in Arizona, along with their local government membership, are included in policy development for the Community Development Block Grant program especially as it relates to barriers to the construction of infrastructure in their jurisdictions. The ADOH administered Balance of State Continuum of Care involves local governments in the planning of local Point In Time counts in Arizona as well as the location of emergency shelters and other housing facilities for persons who are homeless. In the administration of the Weatherization Program, ADOH works with local utilities to ensure state and federal regulations do not restrict the ability to conduct weatherization improvements for low-income homeowners. ADOH is a member of the National Association for State Community Assistance Programs, which is charged with advocating and enhancing the leadership role of states in preventing and reducing poverty. ADOH is a member of the National Council of State Housing Agencies, which advocates for affordable housing on behalf of its membership before Congress, the Administration, and several federal agencies. ADOH is also a member of the Council of State Community Development Agencies which advocates for community development, affordable housing, local economic development and state-local relations activities especially those serving low to moderate income communities and residents.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

ADOH addresses obstacles to meeting underserved needs on many fronts. Through the implementation of the CDBG program, ADOH provides technical assistance to non-metropolitan local governments to assist with the planning, development, and phasing of critical infrastructure, housing, and public service activities for underserved areas and households. As the lead agency for the Balance of State Continuum of Care, ADOH provides technical assistance to homeless providers throughout the state in the conducting Point In Time counts, use of the VI-SPDAT assessment tool, use of socialserve.com, use of HMIS, and most importantly, the collaboration with local service providers, law enforcement, and the emergency services to ensure every resource is available to address homelessness.

Assistance Demonstration projects, and non-profit owned housing. In addition, ADOH has prioritized funding for developments in proximity to public transportation, senior centers, schools, grocery stores, health care, and after school programs. ADOH received a competitive award of HUD 811 funds to provide rental assistance for extremely low-income persons with a developmental disability and is implementing it through the LIHTC program. ADOH uses HOME funds to provide gap financing for LIHTC projects that are able to demonstrate a need for the financing.

The Low-Income Housing Tax Credit (LIHTC) program has been coordinated with the HOME Investment Partnerships (HOME) program and the State's Medicaid program that provides housing for persons with a Serious Mental Illness.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

ADOH requires grantees to comply with the HUD lead-based paint regulations implementing Title X of the Housing and Community Development Act of 1992. These regulations cover the CDBG, HOME, ESG, and HOPWA programs, and identify the appropriate type of activity to control lead paint hazards in projects using federal funds. Entities funded with these programs must ensure occupants are: 1) notified of the hazards of lead-based paint; 2) conduct a visual assessment, paint testing, or risk assessment, depending on the activity; and 3) conduct lead hazard reduction activities, including paint stabilization, interim controls, standard treatments, or abatement, depending on the requirements for the activity type as identified in 24 CFR Part 35.

Rental property owners are required to have a paint maintenance policy that ensures regular (at least once annually) visual assessment and repair/maintenance of painted surfaces using safe work practices. In addition, ADOH CD&R staff monitored all contracts to ensure they have a written plan that follows standard operating procedures for lead safe practices. Through their monitoring of assisted units and beneficiary file documentation, no issues of non-compliance with federal lead-based paint regulations were found in FY2021.

Additionally, ADOH: 1) collaborates with communities to reduce housing-related lead-based paint hazards; 2) encourages risk assessment for lead-based paint being part of every home inspection; and 3) refers families with children to Arizona Department of Health Services, Office of Environmental Health for blood testing if lead-based paint is found in units proposed for rehabilitation. The Arizona Department of Health Services maintains the lead exposure registry for Arizona. The program develops lead poisoning prevention programs, investigates cases

with elevated blood lead levels, and conducts educational outreach activities. ADOH encourages training related to lead-based paint hazards and will require that grantees utilize staff and contractors that have the appropriate training and certification. ADOH is a member of the Arizona Partnership for Healthy Communities, a body organized to promote health issues related to housing.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

ADOH's anti-poverty strategy is based on helping families to move to economic self-sufficiency through employment opportunity and the provision of affordable housing. ADOH committed \$475 million in funds for the production of approximately 19,000 affordable rental units, rehabilitated 71 owner-occupied housing units, and committed funds for units assisting 489 homeless persons with affordable housing.

ADOH is available to provide assistance to local government in structuring effective economic development and job creation activity through the use of CDBG funds.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

ADOH is a department of Arizona State government headed by a Governor appointed Director who, in conjunction with one (1) Deputy Director and three (3) Assistant Deputy Directors, oversees all activities of the agency. ADOH contracts with local governments, public housing authorities, non-profit and for-profit entities, and tribal entities to undertake the activities prescribed in the Consolidated Plan. In order to develop and maintain a strong institutional structure, ADOH requires a minimum standard of capacity prior to entering into funding contracts to ensure that federal funding may be utilized in the most effective manner as possible to meet the needs of low- income persons in the State.

ADOH develops institutional structure by supporting capacity building efforts for local government, non-profit organizations, and especially regional government like the four (4) rural Councils of Government (COG) in Arizona. ADOH provides each rural COG with a Technical Assistance Contract for assisting local governments in developing viable CDBG projects. ADOH participates in a Weatherization Program Peer to Peer exchange held approximately quarterly to provide technical assistance to local governments and community action agencies in the conduct of their weatherization programs, which rely on private sector contractors. The private sector is an important collaborator bringing additional resources and expertise that can be used to supplement existing services or fill gaps in the system. Lenders, affordable housing developers, business and economic development organizations, and private service providers offer a variety of assistance to residents such as health care, small business assistance, home

loan programs, and supportive housing, among others.

ADOH provides technical assistance to Arizona's twenty-two (22) self-governing tribes to enable them to access ADOH's Housing Rehabilitation and LIHTC programs multi-family housing production programs. ADOH operates the Arizona Public Housing Authority (APHA), administering a Housing Choice Voucher Program (HCVP) for Yavapai County, eighty (80) of which are restricted to homeless veterans through the Veterans Affairs Supportive Housing program. The APHA works closely with the Veterans Administration Medical Center to identify those in need. The APHA also administers approximately sixty (60) portable vouchers for Section 8 participants porting in from housing authorities throughout the country. The APHA also has a competitively-awarded contract to provide Project-Based Contract Administration throughout the state, which entails administering approximately 112 HUD-subsidized rental properties, comprised of over 8,000 rental units. Through this program, participating properties are subsidized, allowing extremely-low income tenants to pay approximately thirty percent (30%) of their adjusted monthly income toward rent.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Recognizing the collaborative relationship between affordable housing and human, social, and supportive services, ADOH established, and continues to strengthen, partnerships with the Arizona Department of Economic Security (DES), the Community Services Administration, the Family Assistance Administration, the Aging and Adult Administration, the Arizona Early Intervention Program, the Arizona Department of Health Services, the Arizona Health Care Cost Containment System, the Arizona Department of Veterans Services, the Arizona Commerce Authority, and the Governor's Office for Children, Youth, and Families. Coordination of public and private housing and social service agencies is strengthened by the following partnerships:

The Arizona Housing Coalition provides leadership in statewide efforts to end homelessness through advocacy, education, and coordination with local communities and initiatives.

The Section 811 Project Rental Assistance (PRA) Program. In partnership with DES, the ADOH is implementing a HUD 811 grant, which provides rental assistance to extremely low-income/developmentally disabled (DD) persons. ADOH will administer the program utilizing in-service LIHTC and other federally funded units in Arizona. The DES will select the participants through DD adults enrolled in the Arizona Long Term Care System program. DD program participants will receive support through a DES Support Coordinator utilizing an Individual Support Plan that will identify medically necessary services and supports that are needed by the DD individual. Arizona's Olmstead Plan. The Division of Behavioral Health

established and led the Olmstead Policy Academy Team. ADOH participates in the workgroup. The purpose has been to update the State's Plan.

Regional Behavioral Health Authorities (RBHAs). AZ Division of Behavioral Health contracts with RBHAs who provide integrated health care through a provider service network. Each RBHA has a Housing Coordinator who is very engaged in the COC and housing process.

Arizona SOAR State Steering Committee was created in June 2014 with TA being provided by SAMHSA, throughout the process of implementation. This project is designed to increase access to the disability income benefit programs administered by the Social Security Administration (SSA) for eligible adults who are homeless or at risk of homelessness and have a mental illness and/or a co-occurring substance use disorder. Each COC has a local lead assisting with the execution of the Action Plan.

The Arizona Department of Housing assisted with session content and speakers for the Arizona Housing Forum in August of 2022 at the Scott Resort in Scottsdale, Arizona. The Forum is now hosted by the Arizona Housing Coalition and is a two (2) day professional housing conference with information sessions designed to impart new ideas and to engage Arizona's housing professionals in productive dialogues on improving Arizona's affordable housing environment. The forum included a virtual track for sessions surrounding homelessness issues. Over 400 persons registered to attend the conference representing a diverse cross section through government, non-profit, and for-profit entities.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The Arizona Department of Housing contracts annually with the South West Fair Housing Council (SWFHC) to provide annual fair housing training, and outreach throughout Arizona. SWFHC conducts both virtual and in-person Fair Housing trainings as well as workshops throughout Arizona targeting housing consumers and providers. SWFHC has discovered that virtual training is reaching more of the housing consumers than previously. SWFHC also stocks locations such as city offices and non-profit offices with fair housing literature for distribution to Arizona residents.

ADOH continues to update fair housing education and outreach programs to be responsive to changes in fair housing law, changing cultural contexts of communities, Limited English Proficiency populations, and other demographic changes. ADOH continued to fund fair housing trainings that include proper referral procedures at no cost to public and private agencies. ADOH provided all CDBG sub-recipients ongoing fair housing technical assistance. ADOH's Request for Proposals (RFP) for housing and community development related projects

and funding will require that proposals address how they will Affirmatively Further Fair Housing (AFFH) based on its impact to racial and ethnic concentrations of poverty and protected classes.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Arizona has developed a monitoring plan to ensure activities carried out in accordance with federal monitoring requirements of 24 CFR 570.501(V) and 24 CFR 85.40 and all applicable laws, regulations, and policies.

ADOH conducts desk monitoring of projects including detailed review of: application; environmental review; procurement; labor standards; Section 3; progress reports; pay requests; closeout reports; and audits. Recipients are notified in writing regarding the result of the review. Staff schedules one (1) site visit per recipient annually. However, for some CDBG projects, it is unnecessary to perform more than one (1) site visit due to scope of project (i.e. purchase of fire equipment). Staff conducts on-site monitoring visits as part of contract close-out. Site visits consist of a one (1) or two (2) day visit to recipient to review records, inspect progress, and meet with project staff. Within thirty (30) days, staff provides written monitoring comments including: review date; those present; monitoring results; statement of basis for each conclusion; instructions to recipient on how to address non-compliance; and response deadline. In extreme non-compliance cases, staff will determine if additional site monitoring is necessary before an issue can be resolved. In all cases, staff works with recipients to come to a satisfactory resolution.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The draft CAPER was posted on September 6, 2022 on the publications page of the ADOH website. The Solicitation for Comments for the 2021 CAPER was publicized on September 6, 2022 through release of an Information Bulletin #62-22 which is posted to the ADOH website as well as emailed out to all local government, public and private partners and other interested persons on the ADOH mailing list. Additionally, solicitation for public comment was advertised in five (5) newspapers, with three (3) of those in rural Arizona. These newspapers were the Arizona Republic in Phoenix, Arizona with a statewide service area; Arizona Daily Star in Tucson, Arizona; Yuma Sun in Yuma, Arizona; the Arizona Daily Sun in Flagstaff, Arizona.; and the Kingman Daily Miner, which serves the City of Kingman and surrounding communities of Golden Valley, Meadview, Dolan Springs and Chloride, Arizona. In all cases,

the solicitation included a minimum of 15 day comment period.

As of the date of the DRAFT CAPER posting, no public comments were received.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

ADOH utilized CDBG funds in accordance with the objectives outlined in the Consolidated Plan and Action Plan. No changes in program objectives occurred. ADOH does not intend to change its program objectives at this time. The addition of CARES Act CDBG-CV funds will adhere to the provisions of the Act as well as CDBG program and other federal cross-cutting regulations.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

ADOH has no open BEDI grants.

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

Not applicable.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

ADOH monitored 75 properties (see CAPER attachment). ADOH Compliance Staff reviews each file for compliance with Affirmative Marketing requirements. ADOH properties were found to be proactive about reaching out to individuals of all races and ethnicities and with all types of disabilities who might not otherwise apply to live in the HOME assisted units. Typical mediums for advertising are newspapers, internet, the ADOH's link to Socialserve.com, radio ads, flyers and mailings

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

No program income was used for the implementation or completion of projects during this reporting period.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

In the implementation of the Low-Income Housing Tax Credit (LIHTC) program, State Fiscal Recovery program and CDBG-CV program, ADOH has prioritized supportive housing for special populations, housing on tribal land, Rental Assistance Demonstration projects, Choice Neighborhoods projects and non-profit owned housing. In addition, ADOH has prioritized funding for developments in proximity to amenities. ADOH uses HOME and HTF funds to provide gap financing for LIHTC projects that are able to demonstrate a need for the financing.

CR-55 - HOPWA 91.520(e)

Identify the number of individuals assisted and the types of assistance provided

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Number of Households Served Through:	One-year Goal	Actual
Short-term rent, mortgage, and utility assistance payments	50	43
Tenant-based rental assistance	30	37
Units provided in transitional housing facilities developed, leased, or operated with HOPWA funds	0	0
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0	0
Total		80

Table 14 – HOPWA Number of Households Served

Narrative

ADOH assisted a total of eighty (80) HOPWA eligible households for the 2021 reporting year. This included forty-three (43) STRMU and thirty-seven (37) Tenant Based Rental assistance.

CR-56 - HTF 91.520(h)

Describe the extent to which the grantee complied with its approved HTF allocation plan and the requirements of 24 CFR part 93.

Tenure Type	0 – 30% AMI	0% of 30+ to poverty line (when poverty line is higher than 30% AMI)	% of the higher of 30+ AMI or poverty line to 50% AMI	Total Occupied Units	Units Completed, Not Occupied	Total Completed Units
Rental	38	0	0	38	0	38
Homebuyer	0	0	0	0	0	0

Table 15 - CR-56 HTF Units in HTF activities completed during the period

The ADOH was 100% in compliance with its approved HTF allocation plan and the requirements of 24 CFR part 93. Thirty-eight (38) new housing units were made available to households at 30% or below of Area Median Income through the expenditure of HTF.

CR-58 – Section 3

Identify the number of individuals assisted and the types of assistance provided

Total Labor Hours	CDBG	HOME	ESG	HOPWA	HTF
Total Number of Activities	0	0	0	0	0
Total Labor Hours			0	0	
Total Section 3 Worker Hours			0	0	
Total Targeted Section 3 Worker Hours			0	0	

Table 15 – Total Labor Hours

Qualitative Efforts - Number of Activities by Program	CDBG	HOME	ESG	HOPWA	HTF
Outreach efforts to generate job applicants who are Public Housing Targeted Workers			0	0	
Outreach efforts to generate job applicants who are Other Funding Targeted Workers.			0	0	
Direct, on-the job training (including apprenticeships).			0	0	
Indirect training such as arranging for, contracting for, or paying tuition for, off-site training.			0	0	
Technical assistance to help Section 3 workers compete for jobs (e.g., resume assistance, coaching).			0	0	
Outreach efforts to identify and secure bids from Section 3 business concerns.			0	0	
Technical assistance to help Section 3 business concerns understand and bid on contracts.			0	0	
Division of contracts into smaller jobs to facilitate participation by Section 3 business concerns.			0	0	
Provided or connected residents with assistance in seeking employment including: drafting resumes, preparing for interviews, finding job opportunities, connecting residents to job placement services.			0	0	
Held one or more job fairs.			0	0	
Provided or connected residents with supportive services that can provide direct services or referrals.			0	0	
Provided or connected residents with supportive services that provide one or more of the following: work readiness health screenings, interview clothing, uniforms, test fees, transportation.			0	0	
Assisted residents with finding child care.			0	0	
Assisted residents to apply for, or attend community college or a four year educational institution.			0	0	
Assisted residents to apply for, or attend vocational/technical training.			0	0	
Assisted residents to obtain financial literacy training and/or coaching.			0	0	
Bonding assistance, guaranties, or other efforts to support viable bids from Section 3 business concerns.			0	0	
Provided or connected residents with training on computer use or online technologies.			0	0	
Promoting the use of a business registry designed to create opportunities for disadvantaged and small businesses.			0	0	
Outreach, engagement, or referrals with the state one-stop system, as designed in Section 121(e)(2) of the Workforce Innovation and Opportunity Act.			0	0	

Other.					
--------	--	--	--	--	--

Table 16 – Qualitative Efforts - Number of Activities by Program

Narrative

The State of Arizona does not expend ESG or HOPWA funds for any Section 3 covered activities. Additionally, per regulation, Arizona began implementing the new Section 3 requirements with all new contracts as of July 1, 2021. Arizona collects Section 3 documentation at the close out of each project. There were no projects completed during FFY21 that were required to track Section 3 according to worker hours etc and therefore no data to report.
