RE: **Hardest Hit Fund Quarterly Performance Data
for the period ending March 31, 2016**

Arizona is pleased to provide its Quarterly Performance Data Report for the period ending March 31, 2016. The attached report provides the data sets required by the U.S. Department of the Treasury (“Treasury”). To provide further context for the figures reported in the Treasury report, we are also providing this introductory summary as a supplement to enhance the reviewer’s understanding of Arizona’s Hardest Hit Fund program, **Save Our Home AZ**.

The Save Our Home AZ Program is administered by the Arizona Department of Housing on behalf of the Arizona Home Foreclosure Prevention Funding Corporation (AHFPFC). Funds for the Program come from the U.S. Department of the Treasury, Housing Finance Agency Innovation Fund for the Hardest-Hit Housing Markets. The Program provides assistance to eligible Arizona homeowners in the form of Principal Reduction Assistance, Unemployment/Under-employment Mortgage Assistance, Reinstatement of delinquent payments, Second Lien Elimination, Short Sale Assistance, and beginning in March 2016 Down Payment Assistance for new homebuyers.

Arizona's Hardest Hit Fund Quarterly Performance Summary

Program Enhancements – New Down Payment Assistance Program Introduced

As the foreclosure crises in Arizona has abated, the current assistance programs have all seen declines in both the number of households seeking assistance and the assistance amounts recommended for those who do seek assistance. Additionally, many homeowners who received commitments for Under/Unemployment Mortgage Assistance have been able to more quickly exit from receiving monthly mortgage assistance due to an improved job market. This is a good development for Arizona, as our 90+ day delinquency rate as declined dramatically since the program began and at 1.8% is now (along with California) the lowest of all Hardest Hit States.

In recognition of the fact that not all Arizona communities have rebound from the economic crises as quickly as others, we proposed and received authorization by Treasury in December 2015 to introduce a new component for Arizona's Hardest Hit Fund Program which launched in mid-March 2016. The purpose of this program is to address economic factors within certain geographical areas that are not recovering at the same rate as other areas of the state. Distress signals that were considered included: change in sales price from one year ago, REO sales rates, short sale rates, negative equity, and the foreclosure rate. The first homebuyers to be assisted through this component are expected to close on loans in April.

The Program was approved for 17 cities within the state, where homebuyer assistance of 10 percent of a home's purchase price (up to a maximum of \$20,000) may be provided to qualified homebuyers. Purchase assistance will be made available through the ***Pathways to Purchase Home Mortgage Program***. By providing such assistance, the Program hopes to incentivize purchases within areas of the state that are still experiencing economic setbacks brought on by the foreclosure and economic crises in order to effect a recovery for the entire state through stimulating the real estate market within these lagging communities. Communities where homebuyers may receive such assistance are: Arizona City, Avondale, Buckeye, Casa Grande, Coolidge, Douglas, El Mirage, Fort Mohave, Goodyear, Huachuca City, Laveen, Maricopa, Red Rock, Sierra Vista, Snowflake, Tucson, and Yuma. More program information and a list of participating lenders is available on our website at www.azhousing.gov.

Arizona's Hardest Hit Fund Quarterly Performance Summary

Household Assistance Levels Increase

During the first quarter of 2016, 136 new households were approved to receive assistance. From program inception through this period, a total of 4,376 households received assistance.

Assistance Commitments by Component

The Save Our Home AZ program provides assistance under several components: Principal Reduction Assistance, Second Mortgage Settlement Assistance, Un/Underemployment/Reinstatement Mortgage Assistance, Short Sale Assistance, and Down Payment Assistance. The chart below shows the breakdown of assistance in these various components.

Program Budget	\$ 232,901,052	\$ 142,265,342.39
Administrative Budget	34,864,954	20,940,228.62 ⁵
Total Budget	\$ 267,766,006	\$ 163,205,571.01

Notes

As of March 31, 2016:

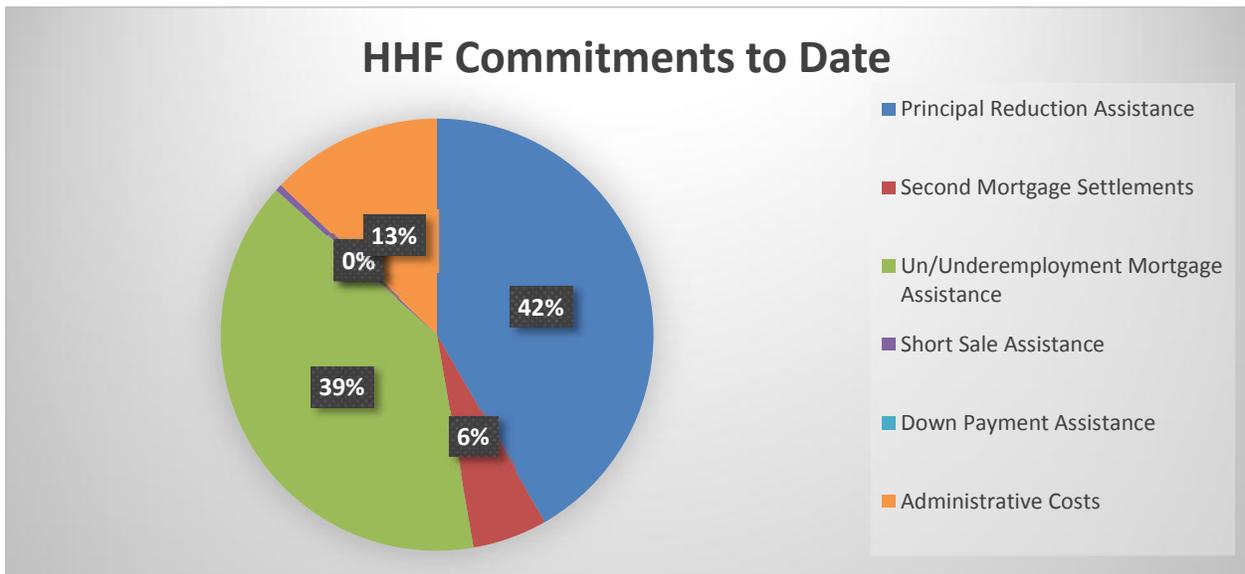

¹Of the \$68 million committed for Principal Reduction Assistance, \$164K remained in escrow awaiting the closing of the assistance.

²Of the \$9.1 million committed for Second Mortgage Settlements, \$4K remained in escrow awaiting the closing of the assistance.

³Of the \$64.2 million committed for Un/Underemployment/Reinstatement Mortgage Assistance, \$18.5 million remains held in escrow to be disbursed for further, future monthly payments for participating homeowners. As the economy continues to improve, a significant number of UMA participants have exited out of this component early, thereby releasing unused amounts of reserved assistance that will be recycled to assist additional households.

⁴Of the \$848K that has been committed for Short Sale Assistance, all has been disbursed for assistance.

⁵Of the \$20.9 million spent on administrative expenses, \$10.6 million was spent on outreach and counselor services for applicants.

This document describes the Housing Finance Agency (HFA) Hardest-Hit Fund (HHF) data that state HFAs are required to provide to the U.S. Department of the Treasury. It includes quarterly borrower characteristic data and program specific performance data. All HFA HHF data submitted to the U.S. Department of the Treasury must be accurate, complete, and in agreement with retained HFA records. Data should be reported by each state HFA by the 45th day following the quarter.

Data requested in the "Borrower Characteristic" worksheet should be reported in aggregate for all HHF programs run by the state HFA. Program specific data is separated into reporting tabs for each individual program. State HFAs should report program performance data on an individual program basis. A data dictionary has been provided to assist in the definition of each data point.

To delay the reporting of these numbers in order to coordinate them with the reimbursement disbursement by accounting would inappropriately complicate the two processes (program component reporting and program financial reporting).
