

Arizona Department of Housing

2019 La Paz County RRH Request For Proposal Questions and Answers

Question: Will mobile homes be eligible for participation in the program?

Answer: Yes. They must meet the same housing habitability standards as set forth in 24CFR 576.403 plus be placed on a site in a stable manner, be free from hazards such as sliding or wind damage and securely anchored by a tie down device that distributes and transfers the load imposed by the unit to appropriate ground anchors to resist wind overturning and sliding.
