**FY2022 and FY2023 Recovery Housing Program (RHP)
Notice of Funding Available – Arizona Balance of State**

Issued 2/15/2024

Purpose and Introduction

The Arizona Department of Housing (ADOH) is pleased to announce a Notice of Funding Availability for combined **\$1,924,820** FY2022 and FY2023 HUD Recovery Housing Program funds for the Arizona Balance of State.

The purpose of the HUD Recovery Housing Program (RHP) is to provide a voluntary, safe, substance-free and temporary (up to 24 months) living environment to low-income persons in recovery from a substance use disorder. RHP-funded recovery housing is expected to provide wrap-around services in non-treatment setting, either on-site or through connections with existing community resources.

RHP rules fall under the umbrella of the Community Development Block Grant (CDBG) Program, with certain modifications. All RHP activities must comply with the CDBG Limited Clientele National Objective, which requires the funds benefit people who are low- and moderate-income. People who meet federal poverty limits and/or are AHCCCS enrolled are presumed eligible, as are people who meet HUD's definition of homelessness.

The ADOH will make one or more grants to subrecipient organizations for projects located in the Arizona Balance of State through an application process. Applications for Arizona Balance of State will be accepted through 4:00p.m. on June 14, 2024 (120 days from the date of this NOFA). If all funds are not reserved by June 14, 2024, the ADOH may accept applications for projects located throughout Arizona.

The ADOH will begin accepting applications immediately. Applications must meet the threshold and application requirements outlined in this NOFA. The RHP application and supplemental forms are available on the ADOH website <https://housing.az.gov/documents-links/forms/community-revitalization>

Eligible Applicants

Eligible applicants are public or private nonprofit organizations.

Eligible Activities

Eligible uses of funds are the *construction, acquisition and/or rehabilitation of facilities, including single-unit or multi-unit residential properties* for occupancy by people in recovery located in the Arizona Balance of State (outside of Maricopa and Pima counties). Eligible

**FY2022 and FY2023 Recovery Housing Program (RHP)

activities must be ready to begin implementation within thirty (30) days of execution of the funding agreement. Priority will be given to those projects located in counties that have age-adjusted drug overdose mortality rates higher than the statewide rate. Five-year average drug overdose mortality rates for the 2015-2019 time period as reported by the US Department of Agriculture Community Assessment Tool by county indicate that six balance of state Arizona counties have age-adjusted drug overdose mortality rates higher than the statewide rate (32.3). These counties, in rank order, are La Paz (56.2), Gila (52.9), Yavapai (44.8), Mohave (38.6), Cochise (34.5), and Graham (32.7).

Minimum and Maximum Grant Amount

The minimum grant amount is not less than the amount necessary to complete the project. The maximum grant amount is no more than the total amount of RHP funds available for this NOFA.

Definitions

The following definitions apply to the State of Arizona Recovery Housing Program.

Individual/Person in Recovery

An individual/person in recovery:

1. Is abstaining from use of alcohol, illicit drugs, and non-prescribed medications, and making informed healthy choices that support physical and emotional well-being.
2. Has a stable and safe place to live (with RHP assistance).
3. Is engaging in meaningful daily activities, such as a job, school, volunteerism, family caretaking, or creative endeavors.
4. Is working towards independence, and securing the income and resources necessary to participate in society.
5. Is engaging in relationships and social networks that provide support.

Substance use disorder

A substance use disorder is a condition caused by a problematic pattern of substance use that leads to a significant impairment or distress over a period of time for an individual. Symptoms of a substance use disorder include tolerance, craving, inability to control use, continued use despite adverse consequences and continued use despite interference with life obligations or social functioning.

**FY2022 and FY2023 Recovery Housing Program (RHP)
Notice of Funding Available – Arizona Balance of State**

Issued 2/15/2024

Recovery Housing

Recovery housing is a vital part of the continuum of housing and treatment options for individuals with substance use disorders. Recovery housing provides a voluntary, safe, substance-free living environment that is affordable to low- and moderate-income individuals and provides connection to peer supports, recovery programs, and community-based resources that help to stabilize early recovery. RHP-funded recovery housing is not a treatment setting.

Application Thresholds

Applications, projects and applicants must meet all of the following thresholds:

1. The RHP application is complete, including all required attachments listed in Tab 1 of the application (the application checklist). The funding process and instructions for completing and submitting the application are described in this NOFA. The RHP forms can be downloaded at the ADOH website at <https://housing.az.gov/documents-links/forms/community-revitalization>
2. Demonstrates that the proposed facility or housing will be restricted for occupancy by low- and moderate-income people in recovery from a substance use disorder for a minimum of five (5) years, including:
 - a. Sufficient resources to pay for ongoing operating expenses and services;
 - b. Individuals that will benefit are low- or moderate-income, a CDBG presumed-benefit population, meet the federal poverty limits, and/or are insured by Medicaid (AHCCCS);
 - c. Any participant fees, costs, or other limitations on participation are not prohibitive for low-income persons; and
 - d. Program design, fees, costs and limitations will not benefit moderate-income persons to the exclusion of low-income persons.
3. Project complies with and applicant demonstrates capacity to comply with all RHP, CDBG, and federal cross-cutting regulations, including but not limited to:
 - a. 24 CFR 570.489(g) regarding procurement;
 - b. Environmental review requirements of 24 CFR Part 58;
 - c. Uniform Relocation and Real Property Acquisition Act (URA);
 - d. Federal Labor Standards, including the Davis-Bacon and Related Acts;
 - e. 24 CFR 42.375 regarding demolition or change in use of lower-income dwelling units;

**FY2022 and FY2023 Recovery Housing Program (RHP)
Notice of Funding Available – Arizona Balance of State**

Issued 2/15/2024

- f. 2 CFR 200 regarding allowable, reasonable and allocable costs, financial records, procurement, and audits; and
 - g. Section 3 employment and business opportunities.
- 4. Has local government approval and is properly zoned for the intended use. Applications for properties requiring variances or use permits are allowed.
- 5. Has the written approval of the tribal jurisdiction if the project will take place on tribal lands;
- 6. Applicant agrees to repay or secure repayment of RHP funding if it does not comply with RHP, CDBG Program and/or federal cross-cutting regulations.
- 7. The project is non-speculative, meaning that legally-binding commitments are in place for all funding necessary to complete the proposed project. If RHP is not expected to cover all development costs, firm commitments for other required resources must be provided.
- 8. Evidences the site and buildings are owned by the applicant, or the applicant has a binding commitment to transfer control or ownership within 180 calendar days, subject only to receipt of RHP funding and environmental clearance.
- 9. Demonstrates appropriate services will be provided to occupants;
- 10. Meets the project underwriting requirements described in this NOFA;
- 11. Identifies all project team members and evidences sufficient team experience to complete and operate the project, including experience using federal funds for construction, acquisition and/or rehabilitation, and providing services to individuals in recovery;
- 12. Evidences capacity to complete the project in a timely manner (all staff is in place), including expenditure of at least thirty percent (30%) of RHP funds no later than September 30, 2024 and 100% of funds by December 31, 2027.
- 13. Documents in the title commitment (or report if applicant is already the property owner) issued by a title insurer licensed in Arizona that there are no conditions or requirements that are materially and substantially adverse to the feasibility of the project.
- 14. In regards to the environmental review, the project is:
 - a. Categorically excluded from the environmental review requirements and has documented compliance with §58.5 and §58.6 and the Section 106 Historic Preservation determination and the public notice and Request for Release of Funds, as applicable, will be prepared within 90 days of application submission;

**FY2022 and FY2023 Recovery Housing Program (RHP)
Notice of Funding Available – Arizona Balance of State**

Issued 2/15/2024

- b. Subject to an environmental assessment and all environmental review forms are complete and the Finding of No Significant Impact/Request for Release of Funds will be ready for publication within 90 days of application submission.

To ensure compliance with timeliness and expenditure thresholds, applicants are encouraged to begin the Environmental Review clearance process as soon as possible. Applicants who receive a conditional commitment for funding will be given a deadline for completion of their Environmental Review. Guidance for the environmental clearance process can be found in the Environment Review Handbook and Forms available on the ADOH website at: <https://housing.az.gov/documents-links/handbooks>.

Underwriting

The purpose of underwriting is to ensure the RHP project is both feasible and viable.

Project Demand Analysis

Projected demand for the housing solution for a minimum of five (5) years must be evidenced. The project demand analysis submitted with the application must include the following quantitative and qualitative data regarding the proposed project's primary service area:

1. A definition of the size, location and boundaries of the primary service area, and the rationale for determining the service area;
2. The depth and breadth of demand for recovery housing including primary data such as surveys, interviews, waiting lists, client lists, and other information directly from or about potential beneficiaries;
3. The existing supply of competitive recovery housing in the primary service area and how the proposed recovery housing compares to the existing supply, including information regarding occupancy rates, waiting lists, program fees and/or rents, services provided, and affordability to low-income persons; and
4. Conclusions about demand for the project.

Project Feasibility and Viability

RHP projects must evidence sufficient financial investment to ensure the project will be completed for occupancy by people in recovery. RHP funding may be the sole source of funding for a project. The project must demonstrate financial need for RHP funding through a gap analysis. The gap analysis will examine the need for RHP funding to fill the gap between available funding for construction, acquisition and/or rehabilitation and total development costs. In performing the gap analysis, ADOH will apply the following criteria.

**FY2022 and FY2023 Recovery Housing Program (RHP)
Notice of Funding Available – Arizona Balance of State**

Issued 2/15/2024

1. Any developer fee must not exceed ten percent (10%) of the total development costs.
2. Any capitalization of an operating reserve in the development budget may not exceed six months of operating costs. Operating reserves must be used only to cover shortfalls in operating revenues necessary to meet operating costs during the first two years of project operation.
3. Participant fees do not exceed:
 - a. The low-HOME rent for the unit size in the county in which the project is located if the unit includes both kitchen and bathroom facilities; or
 - b. The low-HOME rent for an efficiency unit in the county in which the project is located if the unit does not contain both sanitary and kitchen facilities.
4. The operating expense calculation assumes 10% of total beds in the facility will be vacant during the year. A lower or higher vacancy calculation may be proposed if the rate is supported by the project size and location.
5. Project viability:
 - a. Commitment and/or reasonable expectation of securing funding necessary to meet the ongoing operating costs of the proposed facility or housing for not less than five (5) years; and
 - b. The proposed staffing levels and coverage hours are reasonable given the size and type of facility.

Additional Underwriting

Projects will undergo additional underwriting when any material change occurs. A material change includes:

1. Any additional funding is committed to the project for the development phase, regardless of whether the funding source was identified in the application as tentative;
2. Change in the number of non-congregate beds or units;
3. Change in or deletion of any funding source identified in the application as necessary to completion of the development phase;
4. Changes in the development budget;
5. Change in the year 1 operating budget of 10% or more.

Projects may also undergo additional underwriting prior to final payment and/or contract close-out.

Funding Notification

RHP funding awards will be made at the sole discretion of ADOH. ADOH anticipates notifying applicants within sixty (60) days of application. Applicants will be given a conditional commitment of funds pending, at a minimum, HUD environmental clearance. Applicants must be prepared to initiate projects within thirty (30) days of execution of the funding agreement.

Technical Assistance

Applicants may request technical assistance to ensure compliance with RHP and cross-cutting requirements.

Questions regarding application submission and requests for RHP technical assistance may be sent via e-mail to: kathy.blodgett@azhousing.gov

Application Submittal and Completion Instructions

Applications must be electronically submitted and received by ADOH through the CDBG and HOME Portal located on the ADOH website at: <https://housing.az.gov/portals/document-upload-portals>.

Applications may not be submitted via U.S. mail, Fed-ex, UPS, e-mail or fax.

Relocation and Real Property Acquisition

All projects are subject to the Uniform Relocation and Real Property Acquisition Act (URA). Additional information may be found at <https://housing.az.gov/documents-links/handbooks> under the procurement forms heading.

Line 31. Select yes or no to indicate if the site and buildings were or are voluntarily for sale.

Line 32. Select yes or no to indicate whether the seller has been notified of their rights under the Uniform Relocation Act, including their voluntary sale and appraisal rights.

Lines 33-35. Select yes or no to answer each question. Due to the complexity and cost of relocation, the ADOH discourages projects that will displace residents or businesses.

Federal Labor Standards

All projects must incorporate Davis-Bacon wage rates and labor standards monitoring into the rehabilitation budget submitted as part of the development budget. Federal Labor Standards must also be included in project-related procurement. Additional information regarding Federal Labor Standards requirements may be found at https://housing.az.gov/documents-links/handbooks?tid_1=97.

Line 39. Select yes or no to indicate if the development budget incorporates Davis Bacon wage rates and labor standards monitoring.

Demolition or Change in Use

Federal Regulations (24 CFR 42.375) require any federally-funded project that will result in the demolition or change in use of existing lower-income dwelling units will replace those units with comparable lower-income dwelling units on a one-for-one basis. The replacement cost associated with the demolition or change in use of any low-income units is the sole responsibility of the applicant. Additional information may be found at <https://www.govinfo.gov/content/pkg/CFR-2010-title24-vol1/pdf/CFR-2010-title24-vol1-sec42-375.pdf>.

Line 42. Select yes or no to indicate if the project will result in the demolition or change in use of any existing lower-income dwelling units.

Line 43. Indicate the number of units that will be demolished or experience a change in use and attach the applicant's plan for one-for-one replacement with comparable dwelling units.

Procurement and Contracting

All applicant procurement must comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 CFR 200. Any procurement that did not incorporate federal labor standards or Section 3 employment opportunities requirements will be invalid. Construction contractors must have the appropriate license and insurance for the type of work being performed.

Additional information may be found at https://housing.az.gov/documents-links/handbooks?tid_1=678. The ADOH may require evidence that any pre-award procurement complied with the applicant's written procurement policy and 2 CFR 200, and included Federal Labor Standards and/or Section 3 requirements, as applicable.

Lines 46 through 48. Select yes or no to answer each question.

Civil Rights/Non-discrimination

All projects and project sites must be accessible or made accessible to persons with disabilities. Projects and programs must be accomplished in an equitable and impartial manner, without discrimination on the basis of race, color, religion, national origin, sex, age, disability, English proficiency, or economic status.

Lines 51 through 53. Select yes or no to answer each question.

Financial Records and Audits

All applicant financial management systems and audits must comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 CFR 200. Additional information may be found in the CDBG Application Handbook and at <https://housing.az.gov/documents-links/forms/community-revitalization> under the Financial Management heading. The ADOH may require evidence that the applicant's financial management system complies with 2 CFR 200, and may require the most recent audit be submitted for review.

Line 56. Select yes or no to indicate if the applicant's financial system complies with 2 CFR 200. The ADOH may request confirmation of compliance from an independent certified public accountant.

Line 57. Enter the date of the applicant's most recent audit. Attach a copy of the applicant's most recent financial statements.

Section 3

Employment opportunities must be offered to low-and-moderate income residents of the project area and contracting opportunities must be offered to Section 3 businesses. Labor hours, contracts and subcontracts, and qualitative efforts to reach Section 3 workers and businesses must be documented. Section 3 requirements must be included in any project-related procurement. Additional information may be found in the Section 3 Handbook at <https://housing.az.gov/documents-links/handbooks>.

Line 60. Describe qualitative activities that will be undertaken to provide employment opportunities for low-and-moderate income individuals in the project service area and contracting opportunities for Section 3 businesses.

Tab 6 – Project Team and Organization Capacity

Lines 9 through 23, columns B through G. For each member of the project or program team, provide their name, title, organization/company, phone number, email address, and a brief (not to exceed one paragraph) description of their experience in terms of years or number of contracts for similar work in the past five years. If a project or program team member is not yet identified, enter “unknown” in the Name column and leave the remainder of the line blank.

Lines 24 through 27. For other project team members not specifically listed in lines 9 through 23, enter the project team member type in Column A and follow the instructions for lines 9 through 23.

Line 30. Describe the experience of the organization’s officers, members or staff in developing or operating recovery housing, including providing supportive services to people in recovery from substance use disorders.

Line 32. Describe any projects developed or operated by the organization of comparable size and financial complexity.

Line 34. Describe proposed staffing levels (number of staff, coverage hours) and minimum staff competencies.

Line 36. Describe any collaborations, sub-contractors or other entities that may be involved in providing program services. Also include any administrative partners and services such as food preparation, janitorial, etc.

Tab 7 - Project and Program Description

Answer each question by entering a response in the green shaded box. Please limit responses to not more than two paragraphs.

**FY2022 and FY2023 Recovery Housing Program (RHP)

Issued 2/15/2024

Line 18 should, at a minimum, include direct connection to peer support and services that will help participants prepare for independent housing within two years, and referrals to clinical addiction services if needed.

Tab 8 - Development Budget

Full disclosure of all funding and financing sources available to the project is required. Letters of commitment must be attached. If after submittal of the application, additional funding or financing sources are obtained, these must be immediately reported to ADOH. ADOH will may require a final uses and sources review at the time of final payment and/or contract close-out.

Pre-development/construction period funding and financing.

The pre-development/construction period includes all activities that have or will take place prior to project completion.

Complete the green shaded cells for each funding or financing source that will be available during the pre-development or construction period. The amount of pre-development/construction period funding and financing (line 19 column B) must equal permanent funding and financing (line 33 column B) and total development costs (line 105 column B).

Lines 13 - 17 column A. Provide the funding source name.

Lines 13 - 17 column B. Enter the amount of committed funding or financing from each non-RHP funding or financing source.

Lines 13 - 17 column C. Enter the amount of tentative funding or financing for each non-RHP funding or financing source.

Lines 13 - 17 column D. Indicate if the funding source is a grant or loan.

Permanent funding and financing.

Permanent funding/ financing is development funding that will remain available to the project during the operating period *plus* any other funding or financing that will replace or repay (“take out”) funding that was available only during the development phase. If no development phase funding must be repaid upon completion of the development phase, permanent funding/ financing will be the same as development period funding/financing.

Complete the green shaded cells for each funding or financing source that will be permanently available to the project. The amount of permanent funding and financing sources (line 33 column B) must equal pre-development/construction period funding and financing (line 19 column B).
